

Safeguard Secure[®]

With our Safeguard Secure[®] program, your business is protected at every checkpoint.

Every check order is analyzed for known fraud risk and protected with tamper-resistant packaging. Upon request, shipping notification and tracking information can also be provided.

- High-security laser checks
- Premium Secure features
- Fraud restoration

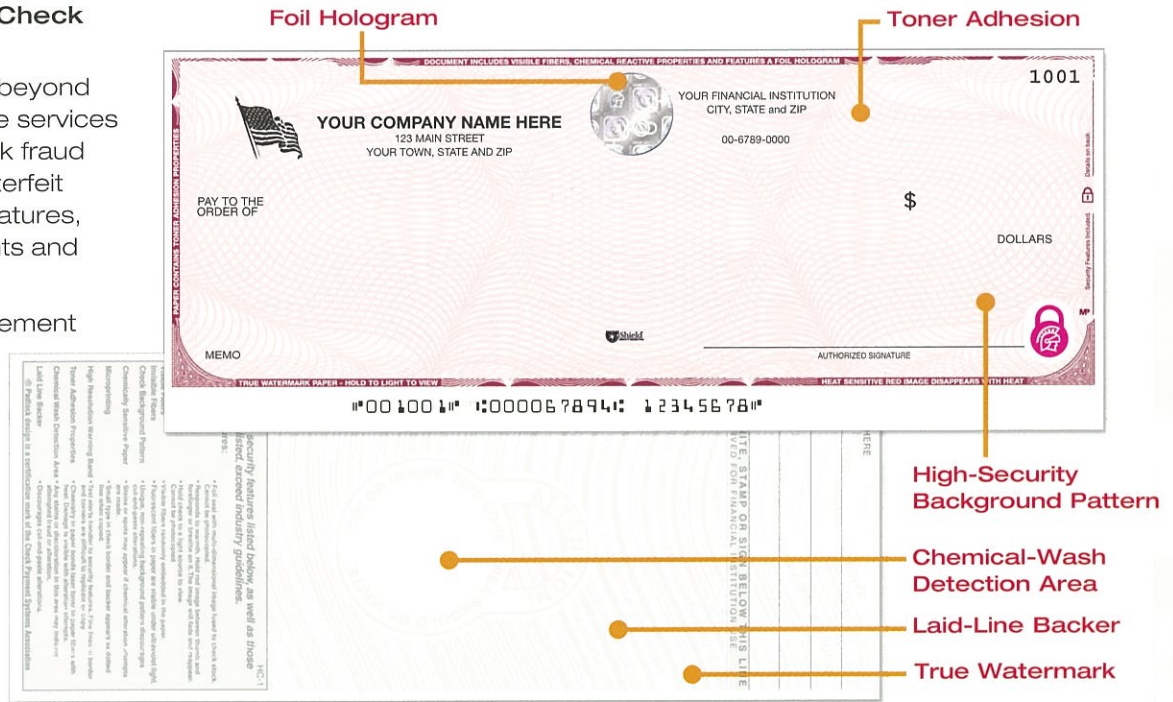

Premium Secure checks with EZShield® provide the highest level of defense and support

We're so confident that our state-of-the-art security features will help protect you from fraud, we're including EZShield Premium Check Fraud Protection® with every Premium Secure check.

EZShield Premium Check Fraud Protection:

- Extends protection beyond the check to provide services in the event of check fraud resulting from counterfeit checks, forged signatures, forged endorsements and altered checks.
- Provides an advancement of funds of up to \$25,000, guaranteed* within 72 hours, when you report a qualified check fraud event.
- Gives you access to a dedicated resolution specialist who can act on behalf of you and your business during the resolution process.
- Saves you time and money if fraud should occur.

Premium Secure checks include ALL 10 standard security features shown on page 5, plus 12 additional features to make your fight against fraud even more effective.

Laser and 3-On-A-Page checks available!

EZShield Premium Protection

You focus on your business — we'll provide peace-of-mind that you're protected should fraud occur.

EZShield Premium Basic Terms and Conditions

Premium Secure checks from Safeguard come with check fraud protection. This service assists you in the event of counterfeit checks, forged signatures, forged endorsements or altered checks. This service is included in the price of the check and is valid up to two years, or the life of the checks, whichever occurs first. The total check cost varies by check type and configuration.

*The 72 hours are business hours and the guarantee is conditional on receiving all of the necessary documents and information as requested by EZShield, and such check fraud qualifying as a reimbursable check fraud event under the Uniform Commercial Code (UCC). For more details on the service go to GoSafeguard.EZShield.com.

Check Ordering Protection

- 1 Password Protection**
Establish a password to secure order entry!
- 2 Order Authentication**
All check orders are screened for known fraud risks.
- 3 Order Confirmation**
Choose to be notified when a check order for your company is placed.

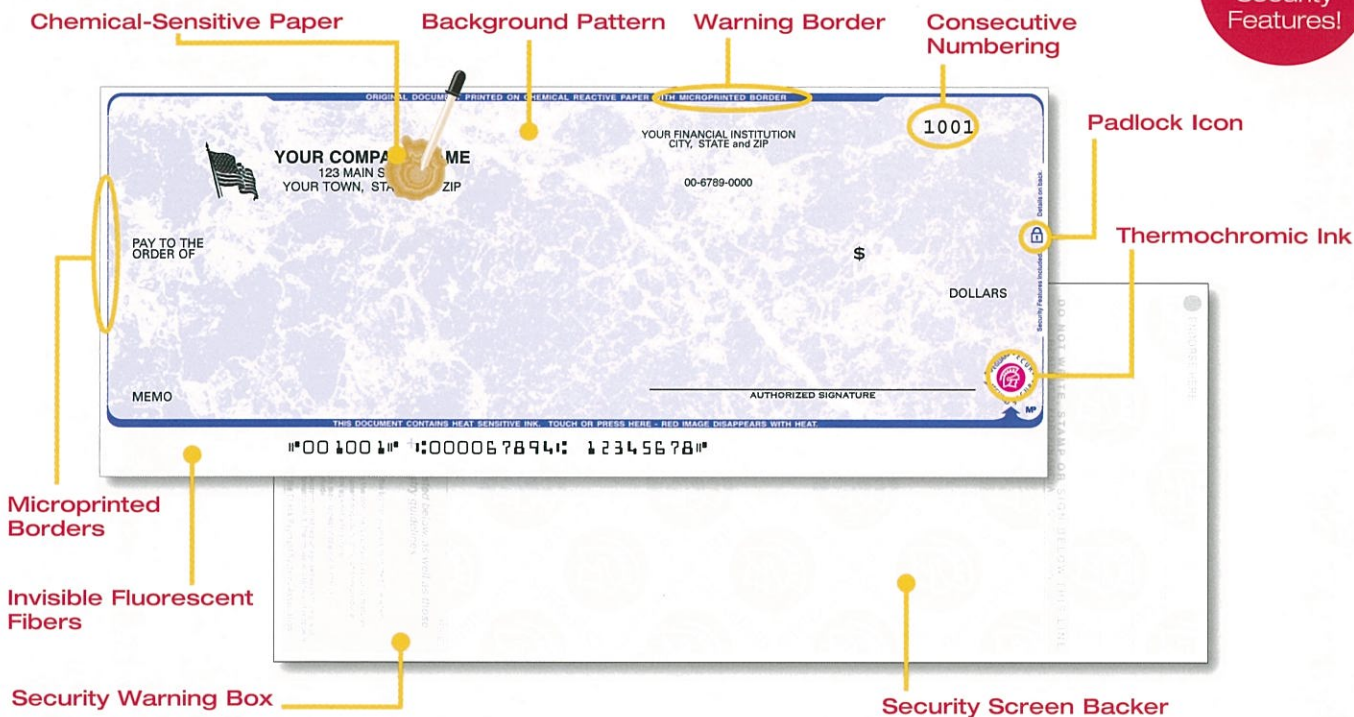

Standard Secure Checks

Multiple layers of security help reduce your fraud risk. The more security features inherent in a check, the less likely it is to be reproduced. Safeguard's overt and covert security features

combine to provide the best protection. Our basic level of protection found in Standard Secure Checks includes 10 standard security check features!

10
Security Features!

Add EZShield to Standard Secure Checks

Dedicated assistance from our award-winning certified resolution service team.

EZShield Check Fraud Protection service is available as an option with Safeguard standard secure checks. The service provides fully managed damage control on your behalf, to include:

- Assistance in the event of forged signatures, forged endorsements or altered checks for two years or the life of the checks whichever occurs first.
- Up to \$25,000 advance guaranteed* within 72 hours for qualified check fraud losses.

*The 72 hours are business hours and the guarantee is conditional on receiving all of the necessary documents and information as requested by EZShield, and such check fraud qualifying as a reimbursable check fraud event under the Uniform Commercial Code (UCC). For more details on the service go to GoSafeguard.EZShield.com.

Doing More to Reduce the Risk of Fraud

Check Delivery Protection

- 1 Shipping Notification**
Request tracking information upon shipment.
- 2 Secure Packaging**
Security tape protects contents from tampering.
- 3 Signature Required Option**
A signature is required for delivery so check packages are not left on your doorstep.

Upgrade your checks with additional security features

Fight fraud with the increased security of a custom check. Your consultant can help find the features that best fit your company.

Every strong brand has a great logo

Successful companies build strong brands that drive awareness, distinguish them from the competition and impact customer buying decisions.

We can create a brand new logo for you or update your current one.
